

— Thank you for buying the Belgrave Bar Stool

Before you start:

Unpack carefully

- Take care when unpacking and assembling your bar stool as damaged or scratched items cannot be returned
- Do not use sharp objects
- Be careful not to dispose of the enclosed assembly kit
- Please retain all packaging until you are 100% happy with your bar stool

Before and during assembly

- Make sure all items are accounted for and clearly laid out before starting
- Make sure you have enough space to assemble the bar stool safely
- Place all parts on a soft and flat surface to avoid damage
- Put all bolts in before fully tightening
- Do not use power tools or overtighten any fittings as this can cause damage
- Carefully trim off any loose threads on upholstered bar stools

Caution

- This bar stool is designed to seat one person only
- Keep small parts, plastic bags and film away from children

Flat Washer

L x 1

Allen Key with a Phillips head

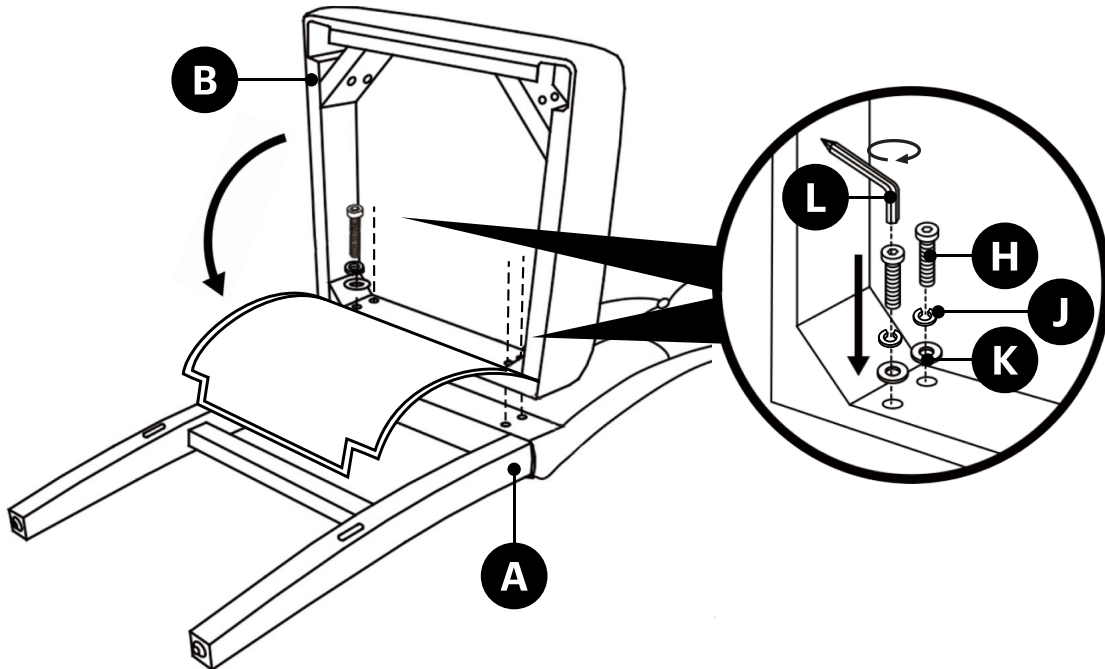

M x 1

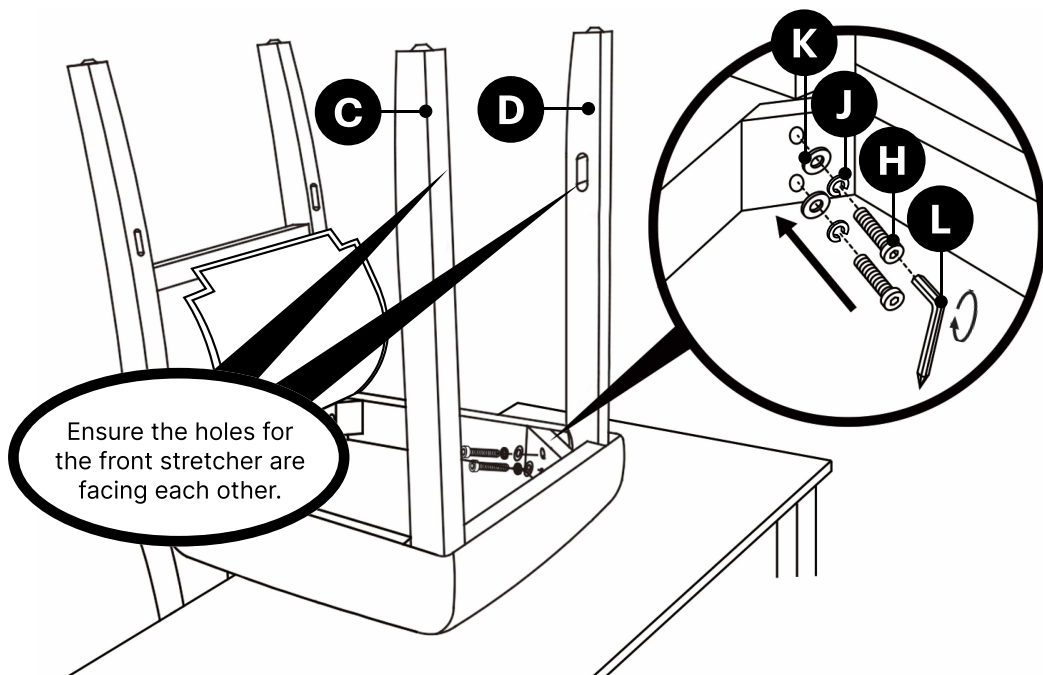

Footrest Protector
(attached to part G - Front Stretcher)

- 1 Attach the seat cushion to the back frame as shown, **but do not fully tighten the bolts**. This is to ensure the stretchers can fit easily later.

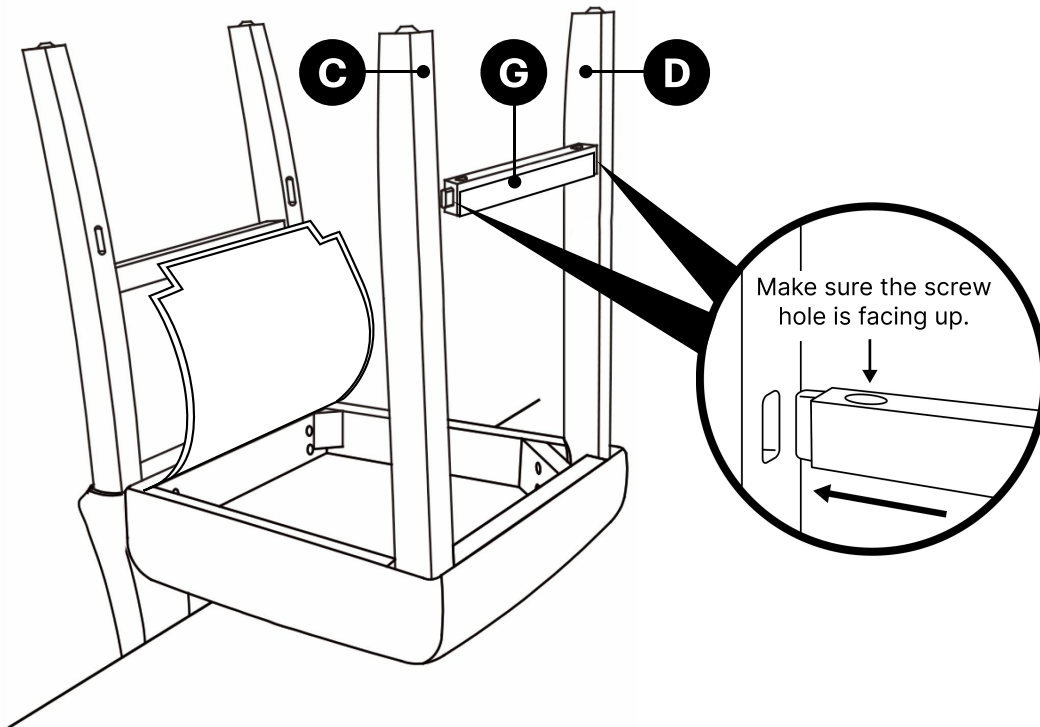

- 2 Place the bar stool on a table or raised surface as shown. Attach the front legs to the seat cushion, **but do not fully tighten the bolts**. This is to ensure the stretchers can fit easily later.

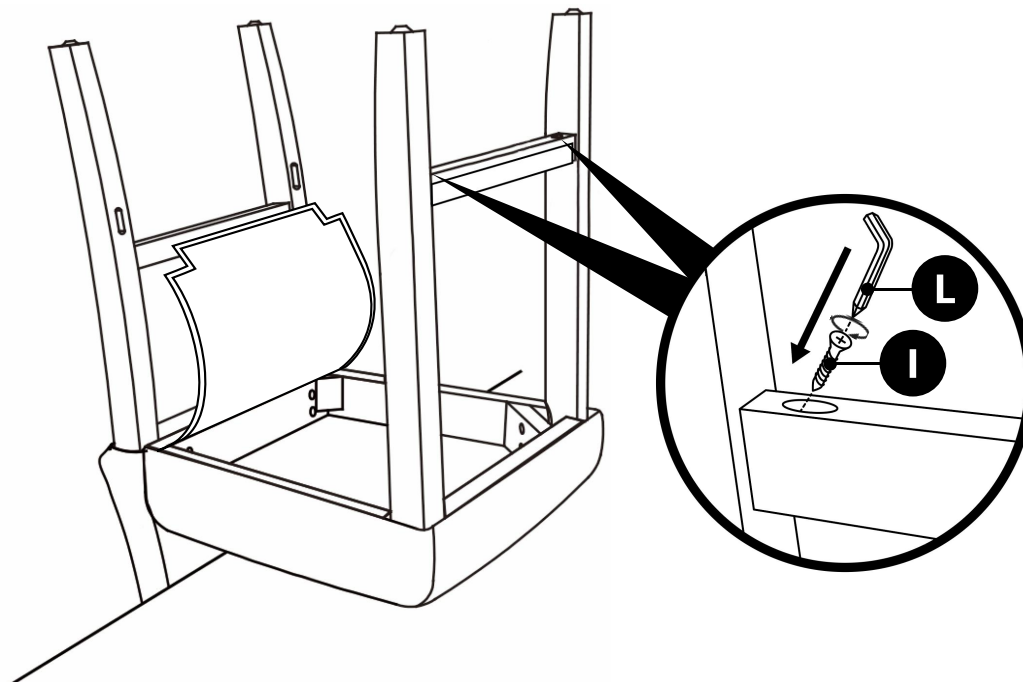

3 Insert the front stretcher as shown.

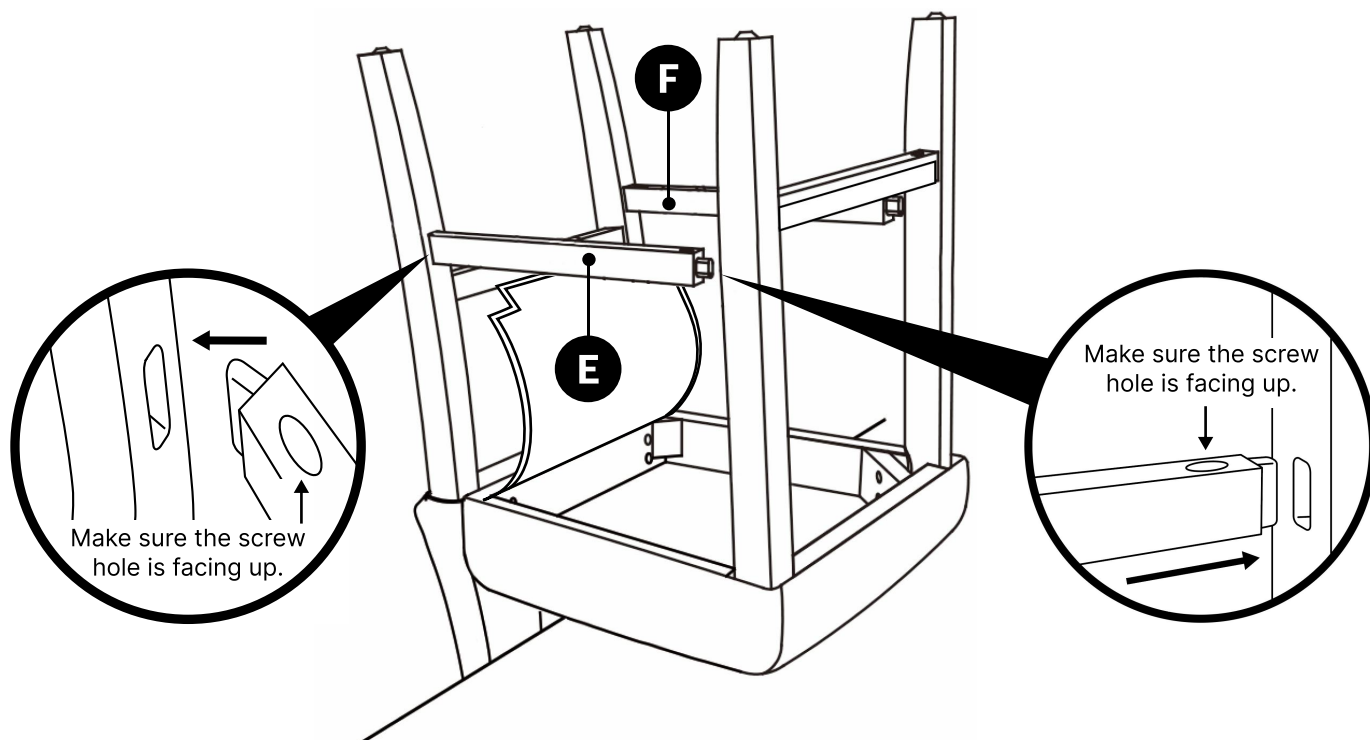

4 Secure the front stretcher using the screws as shown, **but do not fully tighten.** This is to ensure the left and right stretchers can fit easily in the next step.

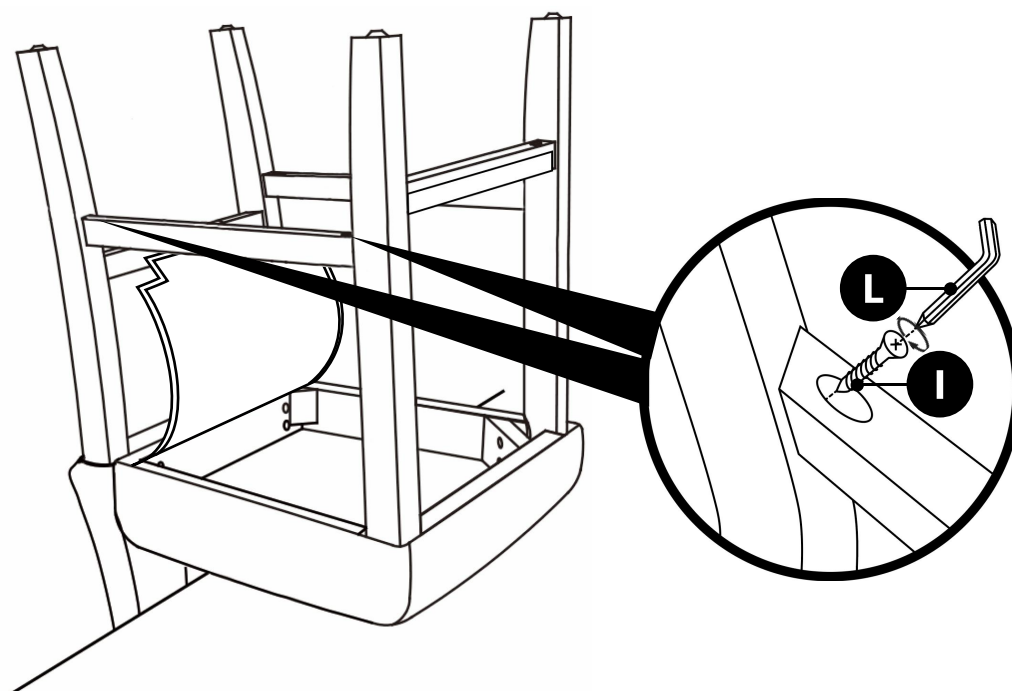

5 Insert the left and right stretchers as shown.

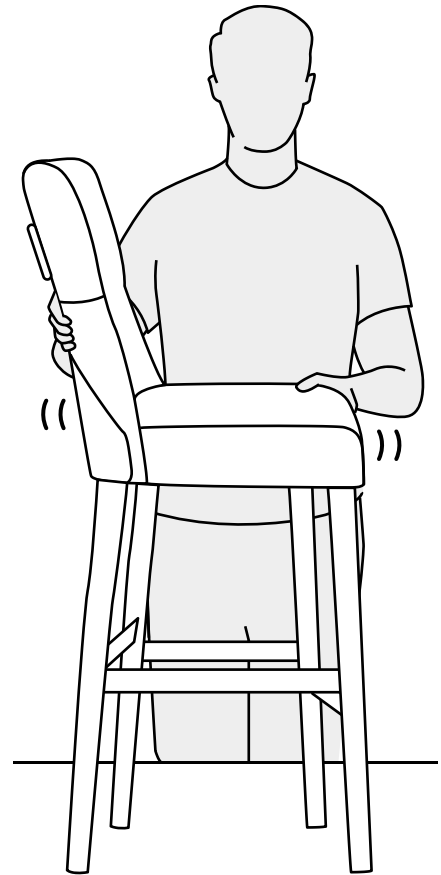

6 Secure the left and right stretchers using the screws as shown, **but do not fully tighten.** This is so you can level the legs in the next step before fully tightening.

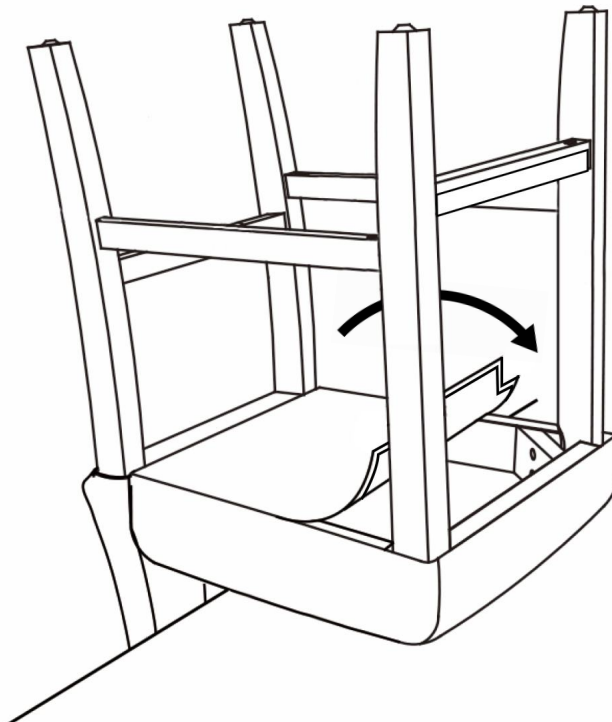

- 7** Place the bar stool upright on a flat surface. Hold the bar stool and move the backrest side to side until the legs are level. **Then fully tighten all bolts and screws.**

Note: Please ensure all bolts and screws are fully tightened before using this bar stool.

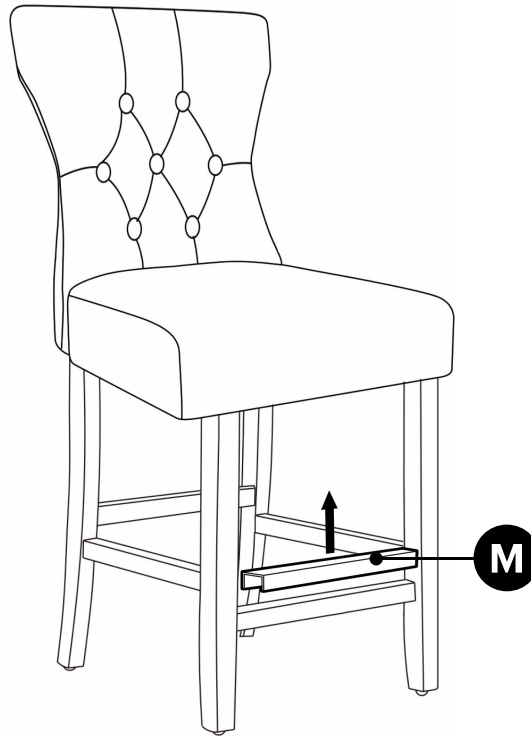

- 8** Attach the dust cover as shown.

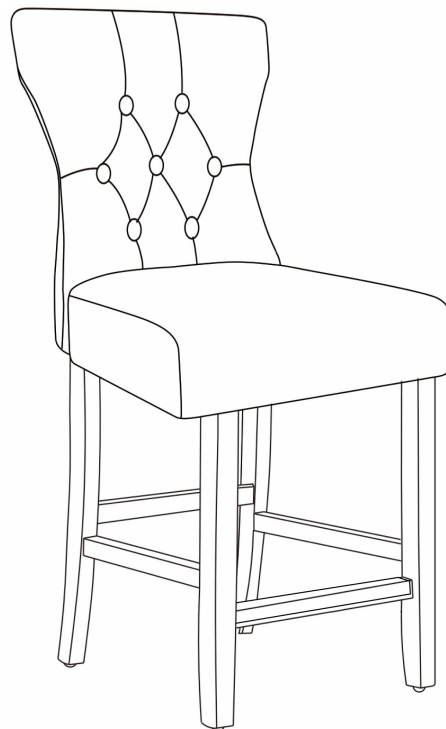

- 9** This bar stool comes with an optional footrest protector to help prevent chips and scratches. To remove it, simply slide off the front stretcher as shown.

— **Important information - please read before use**

Upholstery and appearance

- Every effort has been made to ensure each piece of furniture matches
- The materials used may have variation in colour and grain – this is a natural characteristic of the material and not a fault
- If the upholstery is creased on delivery, allow it to settle at room temperature
- Creasing in seats and back cushions may appear over time – this is a natural characteristic of the material and not a fault
- Upholstery can have a pile in the weave and look different from various angles and lighting – this is a natural characteristic of the material and not a fault

Cleaning your furniture

- Do not use household cleaning products, bleaches, solvent based cleaners, detergents, corrosives, scourers or abrasives, which can damage surfaces and upholstery
- Dust and vacuum your furniture on a weekly basis with the appropriate upholstery attachment
- Use a clean, soft, lint-free cloth slightly dampened with water to remove dirt or body oils
- For tougher stains, use a soft cloth with a little non-alkaline, non-detergent soap

Caring for your furniture

- Remove spills immediately – do not rub stains and spills, blot them first
- Avoid placing damp clothing, wet towels or printed newspapers directly on the upholstery
- Avoid placing hot cups or plates directly onto the furniture as this can damage the upholstery
- Avoid strong sunlight (such as through patio doors and windows), as this can cause discolouration, fading or surface degradation over time
- Avoid strong sunlight on chrome finishes as this can magnify the heat of the sun
- Avoid sitting on the edge of the cushions as this can cause distortion or permanent wear
- Avoid sharp objects such as studs, buckles, jewellery, heels, toys or a pet's claws on the upholstery as this can cause damage
- Greasy and oily hair products can damage upholstery
- Light-coloured upholstery can be at risk of discolouration due to dye transfer from dark or strong-coloured clothing, cushions and throws

To avoid structural damage

- Do not stand or jump on the bar stool
- Do not rock on the bar stool, or lean back with only two legs on the ground
- Do not use the bar stool unless all the bolts and screws are fully tightened
- Regularly tighten the bolts to avoid damage and maintain stability and strength

This bar stool is for indoor, residential use only.
