

— Thank you for buying the Fletcher Bar Stool

Before you start:

Unpack carefully

- Take care when unpacking and assembling your bar stool as damaged or scratched items cannot be returned
- Do not use sharp objects
- Be careful not to dispose of the enclosed assembly kit
- Please retain all packaging until you are 100% happy with your bar stool

Before and during assembly

- Make sure all items are accounted for and clearly laid out before starting
- Make sure you have enough space to assemble the bar stool safely
- Place all parts on a soft and flat surface to avoid damage
- Put all bolts in before fully tightening
- Do not use power tools or overtighten any fittings as this can cause damage
- Carefully trim off any loose threads on upholstered bar stools

Caution

- This bar stool is designed to seat one person only
- Keep small parts, plastic bags and film away from children

— In the box

A x 1

Seat

B x 1

Legs

C x 1

Footrest

D x 4

Bolt M6x16mm

E x 4

Bolt M6x25mm

F x 4

Flat Washer 16mm

G x 1

Allen Key 5mm

- 1** Attach the legs to the seat as shown, **but do not fully tighten the bolts.**

2 Attach the footrest to the legs as shown, **but do not fully tighten the bolts.**

Note: To avoid scratches on the legs, one person should gently pull the legs apart while the other person attaches the footrest.

- 3** Place the bar stool upright on a flat surface. Hold the bar stool and move the seat from side to side until the legs are level. **Then fully tighten all bolts.**

4

— **Important information - please read before use**

Upholstery and appearance

- Every effort has been made to ensure each piece of furniture matches
- The materials used may have variation in colour and grain – this is a natural characteristic of the material and not a fault
- If the upholstery is creased on delivery, allow it to settle at room temperature
- Creasing in seats and back cushions may appear over time – this is a natural characteristic of the material and not a fault
- Upholstery can have a pile in the weave and look different from various angles and lighting – this is a natural characteristic of the material and not a fault

Cleaning your furniture

- Do not use household cleaning products, bleaches, solvent based cleaners, detergents, corrosives, scourers or abrasives, which can damage surfaces and upholstery
- Dust and vacuum your furniture on a weekly basis with the appropriate upholstery attachment
- Use a clean, soft, lint-free cloth slightly dampened with water to remove dirt or body oils
- For tougher stains, use a soft cloth with a little non-alkaline, non-detergent soap

Caring for your furniture

- Remove spills immediately – do not rub stains and spills, blot them first
- Avoid placing damp clothing, wet towels or printed newspapers directly on the upholstery
- Avoid placing hot cups or plates directly onto the furniture as this can damage the upholstery
- Avoid strong sunlight (such as through patio doors and windows), as this can cause discolouration, fading or surface degradation over time
- Avoid strong sunlight on chrome finishes as this can magnify the heat of the sun
- Avoid sitting on the edge of the cushions as this can cause distortion or permanent wear
- Avoid sharp objects such as studs, buckles, jewellery, heels, toys or a pet's claws on the upholstery as this can cause damage
- Greasy and oily hair products can damage upholstery
- Light-coloured upholstery can be at risk of discolouration due to dye transfer from dark or strong-coloured clothing, cushions and throws

To avoid structural damage

- Do not stand or jump on the bar stool
- Do not rock on the bar stool, or lean back with only two legs on the ground
- Do not use the bar stool unless all the bolts and screws are fully tightened
- Regularly tighten the bolts to avoid damage and maintain stability and strength

This bar stool is for indoor, residential use only.
