Modern luxury Spring Summer 2017

Looking to revamp your home to celebrate the new year? Rebecca Snowden, interior style advisor at national retailer Furniture Choice provides her top tips for creating an essentially modern home in 2017: “This is the year to live in the lap of luxury, or at least when it comes to your home’s style that is. Upholstered bed heads are set to dominate, with sumptuous fabrics in neutral and pastel tones used to create a luxurious feel in the bedroom.

Midnight blue and other deep, regal colours work amazingly well to give the illusion of opulence while keeping the home warm and inviting. Try layering up different materials, textures and shades for a luxurious home to be proud of.

When it comes to the dining room, for a twist on the traditional look, choose a table in a light tan wood and team with stylish dining chairs to create a statement in your dining room. For something different, glass is set to be making a comeback this year and is perfect for those who have small spaces. Round tables are a thing of the past, with solid, square designs providing a sense of indulgence.

For the ultimate, modern feel, the traditional Chesterfield sofa is set to continue to dominate the interior trends in 2017. Deep buttoned materials for both sofas and headboards help to form a boutique hotel feel and will create a feeling of glamour and elegance in your home.

For the final touch, don't forget to accessorise. Glamorous chandeliers, ornate mirrors or a chunky knit throw in mustard yellow or deep purple easily add a sense of royalty and luxury.”
