

— 3 ways to style a Palm Springs interior

Give your home a chic, trendy and Instagrammable summer update using a peach and sky-blue palette inspired by Palm Springs.

Rebecca Snowden, Interior Style Advisor at Furniture And Choice ([FurnitureChoice.co.uk](https://www.furniturechoice.co.uk)), shares 3 ways to bring a stylish Palm Springs beach holiday look to your interiors.

1. Style a dreamy bedroom retreat with peach and sky-blue tones

Take a cue from Palm Springs' colourful style with a soothing peach and sky-blue palette in the bedroom. "Try two-tone peach walls to create that restful feeling often found in beach hotel rooms," suggests Rebecca. "Use the lighter peach on top for an airy feel." Soften the space with a grey fabric bed and crisp white linen, then add splashes of sky-blue for summer holiday vibes.

2. Bring relaxing beachside vibes to the living room

“In the living room, create the feeling of lounging by the beach with natural, sandy tones and organic textures,” says Rebecca. Use peach walls to reflect a warm, sunny climate then ground the room with a modern light grey sofa. Mix in light wood and jute accents with indoor plants like palm, fern and pampas grass for a laidback, tropical feel. Round it off with cushions in brown, orange and mustard as a nod to mid-century modern design, from which Palm Springs style has its roots.

3. Channel sunny holiday skies with a blue dining room

Capture the feeling of basking under open skies with a sky-blue gallery wall in the dining room. “Set the mood with coastal artwork to evoke happy memories of being at the beach or lounging poolside,” advises Rebecca. “Warm up the space with a stylish glass and oak dining set for a natural yet contemporary finish.” Look for other ways to bring nature indoors – with a rattan pendant light and a variety of leafy plants, for instance – to create a relaxed atmosphere.
