

# — 4 fresh green interior ideas for the new year

Associated with nature, abundance and vitality, kickstart 2022 on a fresh, lively note with the colour green.

Rebecca Snowden, Interior Style Advisor at Furniture And Choice ([FurnitureChoice.co.uk](https://www.furniturechoice.co.uk)), shares how to style your home with Pantone's Colours of Vitality palette.

1. Give the kitchen an elegant update with Pantone 17-6030 Jelly Bean

Undertones of luxurious jade create this lush colour reminiscent of peppermint and greenery - great for adding subtle drama to a modern kitchen-diner. “Experiment through little pops like dinnerware and throws, or kick it up a notch by giving your cabinetry a fresh coat of paint,” says Rebecca. “A warm oak dining set pairs exceptionally well and helps to balance this cool green, as do small pops of a soft peach like Pantone 5175 C.”

## 2. Energise the bedroom with pops of Pantone 13-0443 Love Bird

“In the bedroom, use little bursts of Love Bird for a boost of energy and positivity, and layer with a deeper forest green to tone things down,” suggests Rebecca. Experiment through soft furnishings like bedding and throws, or brighten up a nook

with a Love Bird accent wall. Choose a warm oak bed to get a soothing, natural look and decorate with natural materials like plants or candles.

“These bright, citrusy tones are great for creating a colour pop behind artwork or photos. They also make stylish backdrops for taking pictures,” she says.

### 3. Experiment with playful prints in Pantone 14-0156 Summer Green

Summer Green is a pleasing, almost pastel shade that works well in an airy bedroom or living room. “Use removable wallpaper as a rental-friendly hack to instantly transform any space. In this fun, tropical-inspired bedroom, the Summer Green botanical print adds character in a chic, curated way,” says Rebecca.

Complement this cool tone with plenty of white and pops of teal, pastel pink and mint green to create a contemporary space.

Bring the outdoors in with a vibrant green half-wall in the living room and matching accessories in a similar hue. “Classic Green is a lively colour that reminds us of freshly-cut grass and evokes the same invigorating feeling - perfect for an airy, contemporary space,” says Rebecca. “Balance these bold tones with a soothing grey sofa, modern black accents and brass finishes for an elegant touch.”
