

— Dulux Colour of the Year: Sweet Embrace

A soft pink that's lighthearted and playful, Sweet Embrace creates an atmosphere of serenity.

Rebecca Snowden, Interior Style Advisor at Furniture And Choice ([FurnitureChoice.co.uk](https://www.furniturechoice.co.uk)), shares how to decorate with Sweet Embrace using these 3 chic Dulux colour palette ideas.

1. Uplift and warm up with a Sweet Embrace

Energise the bedroom with Sweet Embrace's fresh and optimistic undertone. "Inspired by Dulux's warm and uplifting colour story, highlight Sweet Embrace's stylish qualities in the bedroom," Rebecca says. "Choose light pink fluted wall panels and contrast them with an oatmeal fabric bed to set the tone for relaxation." Warm up the room by complementing the chic light pink backdrop with pops of mustard yellow. Introduce these sunny accents through abstract artwork, throws and cushions. Choose curved accessories like a mushroom lamp and decorative vases to soften the overall look.

2. Invite calm with a Sweet Embrace

"As part of Dulux's calming colour story, bring a tranquil touch to the bustling heart of the home with a light pink kitchen island and countertops," Rebecca says. Contrast the soft pastel hue with a modern slate grey sofa for a timeless feel. Complement a Sweet Embrace's optimism by choosing scatter cushions in various pastels for a lighthearted, playful finish. Complete the look with other peaceful, crisp accents like indoor greenery and floral bouquets.

3. Wind down with a Sweet Embrace

“Sweet Embrace is a versatile hue because it can look different depending on the time of day - crisp in the morning, a light glow in the afternoon and more vivid in the evening,” Rebecca says. Take inspiration from Dulux’s calming colour story with a Sweet Embrace on the walls to create a comforting atmosphere. Pair it with soothing neutrals such as a grey fabric bed and cosy white sheets as the base. Layer with pops of pastels by accessorising with cushions and throws for a playful mix.
