

# — Styling blue interiors for a chic and cosy autumn 2022

Create sophisticated yet soothing spaces for cosy nights in, using a stand-out palette of blue-on-blue.

Rebecca Snowden, Interior Style Advisor at Furniture And Choice ([FurnitureChoice.co.uk](https://www.furniturechoice.co.uk)), shares 3 ways to style this contemporary look at home for autumn.

## 1. Warm up a blue living room with autumnal accents

Let cool blue tones take centre stage this autumn. In the living room, start with light blue walls as a relaxing neutral. Then add richness in both colour and texture with a statement Chesterfield sofa in royal blue velvet. “Reach for lush autumnal hues to warm up the space – think earthy browns and golden yellows through accessories and seasonal blooms.” suggests Rebecca. Layer cosy comforts that add softness, like cushions and a faux sheepskin throw. Keep the overall look modern and stylish with black accents and metallic gold accessories.

## 2. Style an ultra chic bedroom with bold navy walls

As temperatures start to dip, snuggle up in an ultra chic bedroom with bold blue walls and a contemporary grey fabric bed. “Dark walls create a cocooning effect for an irresistibly cosy space,” explains Rebecca. “Add texture with a wood slat feature wall in navy for a striking look that still feels relaxing.” Bring in the colours of bright autumn leaves with orange bedding and recreate a soft autumn glow using warm ambient lighting.

### 3. Create a polished feel with a modern dining set

In the dining room, take a designer-led approach with midnight blue walls and sleek, modern furniture. “Amp up the drama and warmth with a dark wood and glass dining table, paired with stylish blue velvet chairs,” recommends Rebecca. “Choose clean, simple shapes to create a polished feel.” Then add accents that are reminiscent of autumn foliage, like earth-toned artwork and amber glass vases. Brighten up the space with luxe metallic pendant lights and a light neutral rug for added cosiness.
